**Gentlemen:**

I am writing to request a response to the Department of Energy's (DOE's) proposal to return Phase I Field Investigation-Derived Materials (IDM) to the present landfill (Operable Unit 7). This proposal was presented to you in a letter dated April 28, 1995 (reference: 95-DOE-08198, attached).

As DOE hopes to incorporate the decision on return of IDM to the present landfill in the Final Interim Measure/Interim Remedial Action (IM/IRA) Decision Document for Operable Unit (OU) 7, please respond to this request no later than September 29, 1995. Lacking a response, DOE will proceed to include plans for disposition of IDM under the proposed OU 7 landfill cap in the Final IM/IRA Decision Document (as described in the above-referenced letter containing the proposal).

Sincerely,

Stewart Slater
